1900 in Rina, Latvia. BRACS' father was a book publisher in Livia and his mother, who now lives with him in farmover, is a writer. ERACS studied history at the University of Latvia in Riga. During the regime of Ulmanis in Latvia ( ay 1934 through June 1940) BRACS was editor of the publications of the "'orkers Chamber" of the government (Latvijas Darba Kameras Zinas) and at the same time was a teacher with the only Lithuanian Cymnagium in Latvia. Even before the Second Forld Far 39.4CS has been interested in the union of the laltic peoples, in which he includes the Latviens, Lithuanians, and "Alt-Truessens" (note that he does not include the Estonians). Upon coming to "est Germany, BRAGS was chairman of the Latvien-Lithuanian Union (Latvien-Lietuvin Vienybe) located in Hannover and, until the formation of the altic society in Germany, was one of the few eviles concerned with union of the saltic lands. In 1951 JRACS participated in the foundation of the Baltic Central Lil range under the directorship of ACCISINS-1. FOCU is currently the chairman of the Latvian Central Committee whose office is across from "R "CS" apartment in Hannever. FR C3 is also a teacher of History, irt, and Latin in the Coethe-Gymnasium in Hannover. RAGS is opposed to Cerman as well as Russian in Thence in the "altic countries but of course recognizes that Russia is the villain at the moment. During the German occupation of Latvia BR CS worked with German Intelligence as a way of fighting the Russians. is of the opinion that 32 'CS would never consent to work for a Communist intelligence organization, and that he is not now working for the German service. [ ] is suspicious that TR CS may have been in contact with a Pr tish Service in 1351 or 152 because of his close coopera on with an organization called "ARN" (Anti-Bolshevik Block of Tations) which _ _ T believed was sponsored by the British. _ _ believes, incidentally, that BRICS would be amenable to an approach by an imprican intelligence organization. _ _ has a standing invitation be stay with BRICS as his guest in his apartment when in Hammover, an invitation he accepts once or twice a year. BEACS currently lives in Hannover, Bonifatiusplatz 16, tel. 66 663 and has a second address of demover 1, Postfach 386.

Through this organization SHEE was able to came in contact with a German intelligence organiinterview a great many recently-returned refugees and, based, on these interviews, published in 1958 the book The Profits of Slavery (a copy of which is attached).
